

M e m o r a n d u m

Date: July 6, 2009

To: Barstow Area
Attention: Captain C. W. Bridges

From: **DEPARTMENT OF CALIFORNIA HIGHWAY PATROL**
Office of the Assistant Commissioner, Inspector General

File No.: 005.9968.A7146.010

Subject: 2009 COMMAND PROPERTY INSPECTION REPORT

In accordance with procedures outlined in Highway Patrol Manual (HPM) 11.2, Materials Management Manual, and HPM 22.1, Command Inspections Program Manual, an inspection of your command's property, including vehicles and weapons, was completed by the Property Inspector (PI) on April 13 – 14, 2009. Using property records from the appropriate Offices of Primary Interest (OPI), the PI selected a random statistically-valid sample of property that was stratified across four property areas: general inventory control, telecommunications, fleet, and weapons (see Attachments B, C, D, and E). Additionally, the PI chose items within your command and compared them to the appropriate inventory records.

When comparing equipment recorded on the predetermined property inspection list to equipment located at the command, sixty-four of the eighty-six were located. One item (digital camera) could not be located, nine items were unavailable for inspection due to employees being out of the office, and twelve items were not located due to the fact they had been transferred to other commands. Furthermore, five of the sixty-four items require a correction to be made to the command's property record and one item was noted to be missing a decal. The property inspection results of the equipment recorded on the predetermined property inventory list to equipment located at the command are summarized in Attachment A.

Note: Eleven additional items were selected as replacements for the unavailable items on the predetermined property inspection list. Seven of the eleven items reconciled. One item was determined to be missing (projector 35mm slide) and three items were unavailable for inspection due to employees being out of the office.

When comparing equipment located at the command to the OPI inventory list, ninety-eight of the one hundred seven items reconciled. One item was transferred to another command and eight items were not listed on the appropriate OPI inventory lists. Furthermore, seven of the ninety-eight items require a correction to the property record. The property inspection results of equipment located at the command to the OPI inventory list are summarized in Attachment A.

Safety, Service, and Security

Barstow Area

July 6, 2009

I request your command research and investigate all discrepancies in accordance with departmental procedures outlined in HPM 11.2, Materials Management Manual, Chapter 8, Equipment, and work with the appropriate OPI(s) to rectify any variances. A Physical Inventory Adjustment Request, CHP 24, must be completed to adjust the inventory records. In order to verify that the above listed discrepancies have been rectified, please submit a memorandum to the Office of Inspections through your respective Division by October 6, 2009.

The Office of Inspections would like to thank your command for their assistance during this property inspection. If you have any questions or need additional information, please contact me or Roger Ikemoto, Senior Management Auditor at (916) 843-3160.

A handwritten signature in blue ink, appearing to read "M. C. A. Santiago".

M. C. A. SANTIAGO

The diagram shows a vertical representation of a human spine, composed of 24 black rectangular blocks representing vertebrae. Three specific vertebrae are highlighted with hand-drawn circles and labeled with lowercase letters: 'a' on the second vertebra from the top, 'b' on the eighth vertebra, and 'c' on the fourteenth vertebra. To the right of the spine, there are 24 horizontal lines, each aligned with a vertebra, providing a space for labeling or notes.

To: Inland Division

From: **DEPARTMENT OF CALIFORNIA HIGHWAY PATROL**
Barstow Area

File No.: 835.10687.10212

Subject: LOST CANON POWER SHOT CAMERA.

Barstow Area conducted the 2008 Annual Physical inventory and discovered Canon Power Shot, A620, CHP #146116, serial number 2326211437 missing. A review of the circumstances surrounding the loss of the camera has been completed. This camera was assigned to Resident Post Officer Jason Lyman, #15265. Officer Lyman placed the camera in his assigned patrol vehicle at the beginning of his shift on May 1, 2008 and was subsequently involved in a rollover collision that caused serious injury to Officer Lyman and total damage to the patrol car. A copy of the collision report and photos of the crushed patrol vehicle are attached to this memorandum. The vehicle rolled over for several hundred feet before coming to rest. Resident Post Officer Larry Shupe, #12597, responded to the scene of the collision and completed the factual diagram. Officer Shupe did not locate the camera or camera case in the debris field of the collision. Officer Shupe returned to the scene on January 6, 2009, and searched the collision scene with negative results. Officer Robert Story, #9500, Inventory Officer, thoroughly searched the crushed vehicle and was unable to locate the missing camera. The command believes the camera case/camera were ejected during the collision or crushed inside the rear passenger portion of Officer Lyman's patrol vehicle. A CHP 216 has been prepared by Officer Story and the lost camera has been assigned a file control number in the Automated Property System.

In an effort to preclude future incidents of this nature officers have been briefed to adequately secure cameras, flashlights and PAS devices in the patrol vehicles at the beginning of each shift.

It is respectfully requested this item be removed from Barstow Area's master property record inventory report.
